

I live in El Paso where we found KLOVE on our local FM station 89.5. My family also donates money per month to their mission and outreach to serve Christians and non-Christians alike. It is the ONLY radio station I listen to. My children even love KLOVE and I know that they will never hear anything nasty or questionable on the air as long as I stay tuned to KLOVE. With so many things crumbling down around us and society and family life deteriorating, we need that ray of hope in our lives each and every day. With KLOVE, that is the way it is. They have hundreds of thousands of listeners across the country. I hate to think that because of a new broadcast service (LPFM), we will lose our radio station forever. We, as Christians, deserve to listen to decent music and commentary. There are so many secular radio stations which don't even offer the quality of shows you hear on KLOVE. Without KLOVE, there is no telling how many people we will miss in bringing the Good News of Jesus Christ to their homes, cars, workplaces. Hearing KLOVE may be a matter of heaven or hell for some! Please let us continue hearing KLOVE on our national radio stations. I am assuming that the FCC does not listen to KLOVE if you feel there is little value in National services, one of them being KLOVE. Let's think about the number of lives you will affecting in a very negative way. Please don't let this wonderful ministry fade away! The leaders of tomorrow are listening to this station right now. I hope to see all of you in Heaven one day to thank you for what you did for my family and our country! Thank you, Dawn de Lyon
